Legal-firm-app-development.html Changes

https://multiverseapp.com/services/all-services/legal-firm-app-development/legal-firm-app-development.html
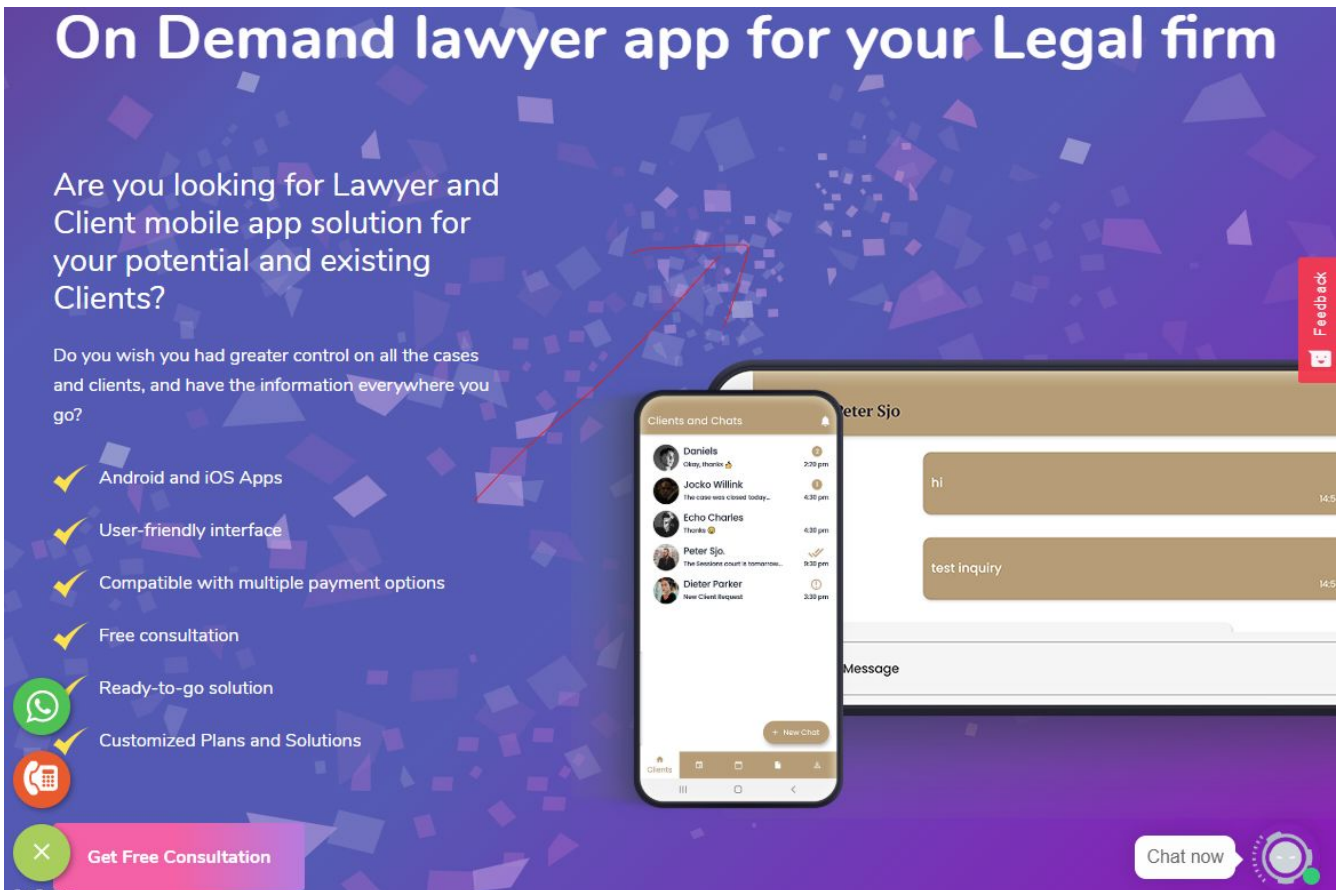

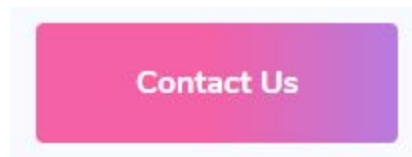

1. Header gets cut (P0)

2. The title gets cut in the mobile view (P0)

3. Change the background here (insert a white image for now, I'll replace during the deployment) (p2)

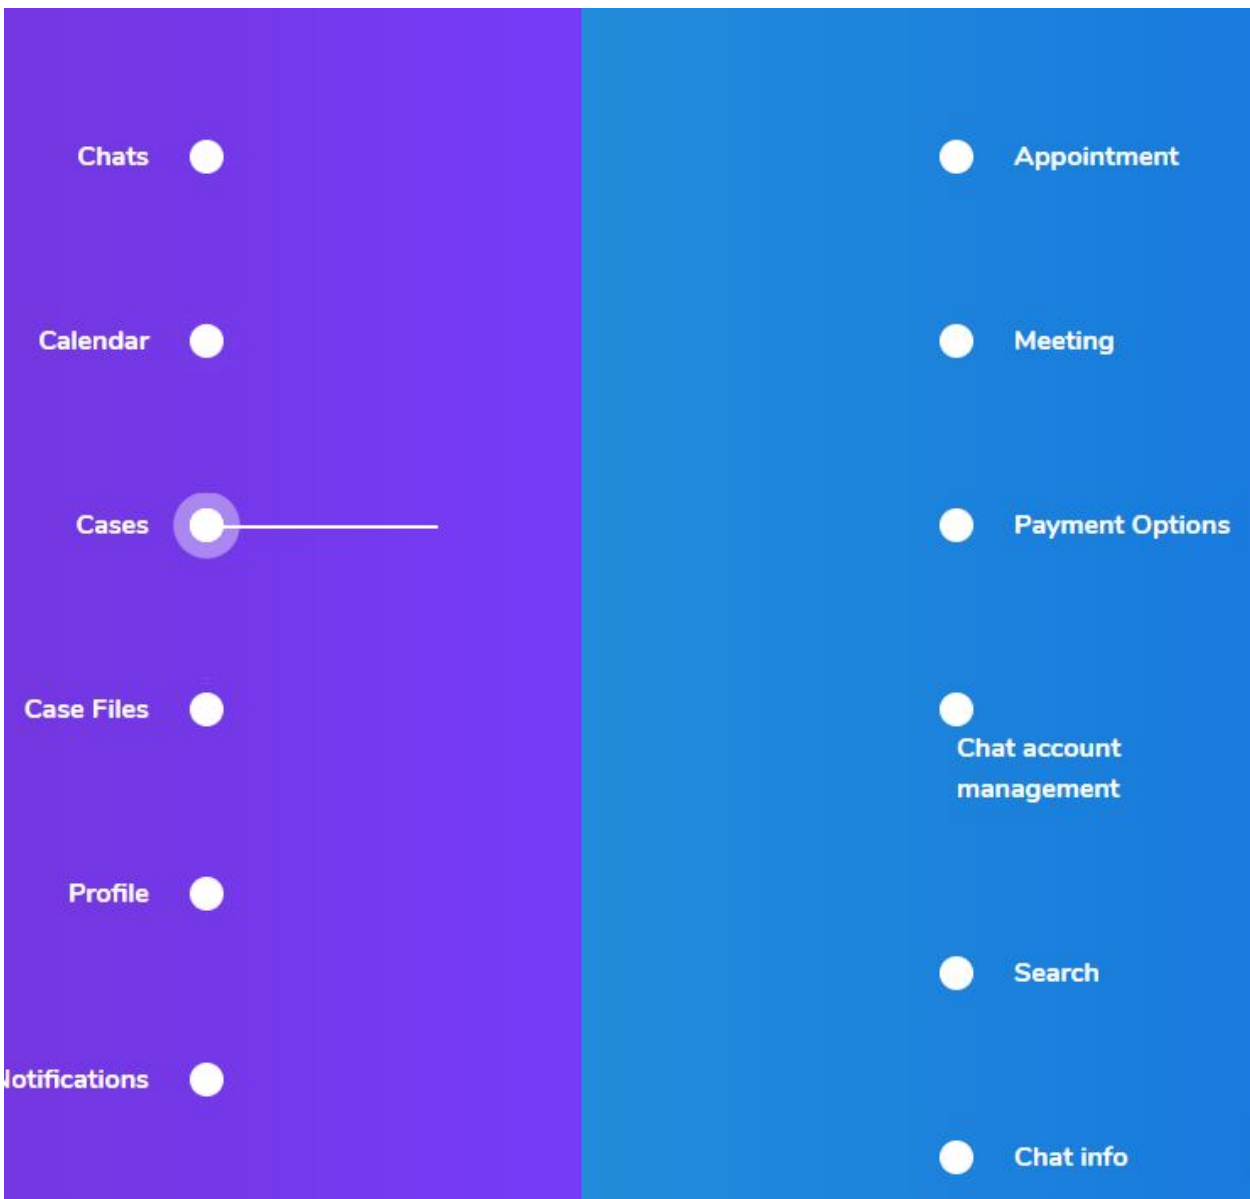

4. Would like all the buttons to be in yellow (please have a look at the homepage of the site for

the exact color hex) (P2)

P0- The Highest priority issues, treat them ASAP
P1- High priority issue, treat them P0
P2- Known Issue, need to fix it after P0 and P1
P3- Low priority, fix it at last

5. Screenshots are not changed/displayed on mouse hover/click (P0)

P1- High priority issue, treat them P0
P2- Known Issue, need to fix it after P0 and P1
P3- Low priority, fix it at last

6. Would like the color of these checkmarks to be yellow (same color as the CTA button) (P2)

7. Client's Testimonials does not appear on the page for some reason (P0)

8. The alignment of this footer is messed up (please have a look at the footer of the homepage for exact comparison) (P1)

P1- High priority issue, treat them P0
P2- Known Issue, need to fix it after P0 and P1
P3- Low priority, fix it at last

9. For all the "contact us" buttons, I'd like the page to scroll at the bottom (to reveal the contact form of this page) rather than redirect the user to multiverseapp.com/contact.html

10. Any other alignment issues you face in the site
11. Remove all the not needed / duplicate Css / libs from the html. The current code is very shabby and just a mess. It'll be really great if it's possible to clean it up, make t more readable, and remove all the unnecessary libs and imports.
